The open forum with Glenn Hardwick, Deputy CEO of OneCare, attracted 40 interested members.

Glenn introduced the history of OneCare emphasising that their development is community orientated and that he and his Board want the best for both OneCare and our members. He also mentioned that his Board heard loud and clear, from the AGM last year, that our members were not interested in selling the clubhouse but most of them were interested in selling the vacant block behind the clubhouse and the creek line running down our block. This land is costing the club money with the rates, land tax, regular mowing, payment of half of any fences that need replacing - so the sale of the property would save the club a lot of money.

OneCare would require approximately 10-13 metres from the fence line and over the creek line to build a two lane road access and footpath into their facility and to service the land they purchased behind the clubhouse. Glenn suggested that the access road would most probably be closed during the evenings and would also be patrolled by their security guards. On the vacant land there would probably be parking and maybe some units close to the current fence line. They don't believe they can build too close to the creek line.

Our members could be guaranteed of receiving a minimum of \$200,000 for the sale of the land, based on the old valuation done by OneCare some eighteen months ago. OneCare are prepared to pay for a new valuation, investigate the engineering requirements for the piping of the creek, pay for the piping of the creek and construction of the roadway, pay the legal costs of changing the title and basically everything involved with the purchase. The club might have to pay their legal costs but this would all be discussed during the process. A very good deal from OneCare from the sounds of things. All the transactions would be done through a legal firm and our members will be informed, through meetings like this one, as things progress with the **sale should it be decided, at this AGM on 6th September 2015 at 3pm, that we will sell the land to OneCare.**

Once the retirement village is constructed, OneCare would pay room hire when they needed the use of our clubhouse - just like our members pay if they hold a private function - which has to be good for our club.

So on the agenda for the AGM will be a motion to sell the vacant land behind and to the side (creek line) of the clubhouse to OneCare, with a guaranteed income of \$200,000 if not more due to the upgraded valuation. This is just the decision to sell - no final figures will be decided until OneCare come to us with the final legal proposal and this will be discussed with our members before anything is signed. G. Seely
